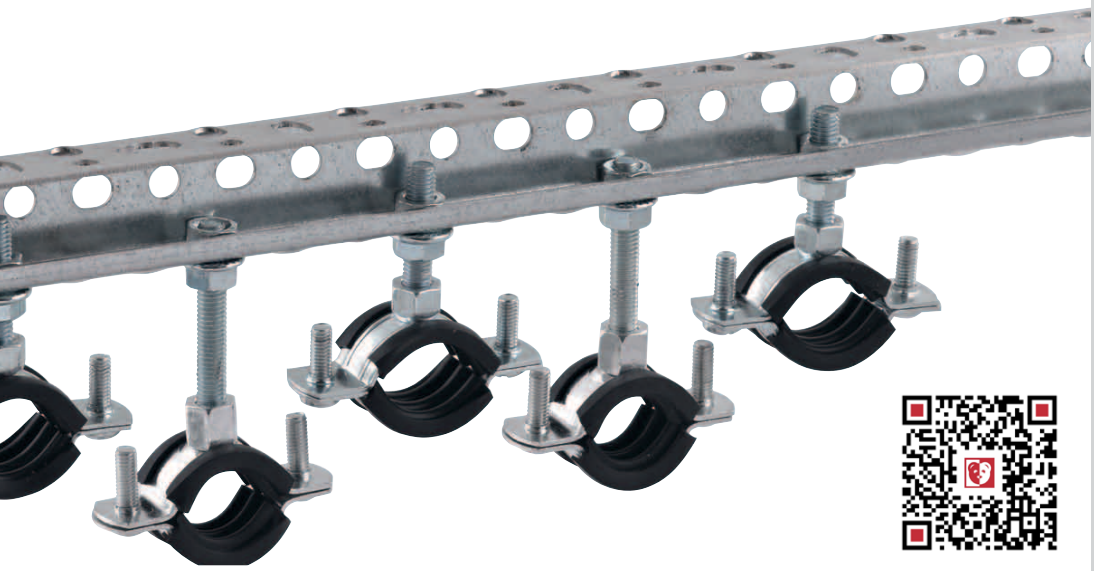
LEIFELD J-Profil M8

LEIFELD®

For light-weight ceiling and wall installation of piping up to 50 mm in diameter



More Info

- quick and easy pipe-clamp fitting using standard M8 nuts
- no requirement for expensive special parts
- versatile hole pattern allows pipe clamps to be fitted from all sides
- secure to ceiling or wall using standard threaded-rods or screws
- ideal for use with wood or plasterboard stud-wall construction
